2. Analysis of Management

- a) Although the company demonstrated substantial growth in both revenue and profit in the previous fiscal year, the performance in the recent quarter has been impacted by factors such as a slowdown in consumption of premium categories and the prolonged liquidity crisis impacting distributor health.
- b) Company's revenue from operation for the current quarter is Rs. 1,845 million, decline by 16.2% over the same period previous year. Decline in consumption being the lead cause of the above.
- c) Net Profit for the current quarter is Rs. 421 million, declined by 23% over previous corresponding quarter. Majorly led by volume drop and fixed cost deleverage.
- 3. During the period under reference no case has been filed either by the corporate body or against the corporate body in the name of any Director/Promoter of the company.

4. Analysis of the share transaction of the corporate body:

a) Dealing of our company's share is the prerogative of the Nepalese public. We however prefer to focus on company's performance, i.e., on the top line & bottom-line growth of the company.

b) Share transaction details as taken from the NEPSE Website for the last 90 days are mentioned below:

Maximum Price: Rs 45,151 Minimum Price: Rs 35,210 Closing Price: Rs 40,000

Total transaction days: 60 Days Transaction Nos.: 5,240 Shares

5. Problems & Challenges

The recent monetary policy reflects a prudent approach to monetary management by lowering the policy rate and deposit collection rate, while keeping stability intact through unchanged cash and statutory liquidity ratios. We anticipate a gradual improvement in the current liquidity crisis in the forthcoming quarters; however, uncertainties persist due to reduced consumer spending and material inflation. Capitalizing on the softening inflation in certain commodities, our primary focus is on passing on the benefits to consumers and regaining volume growth which has already started following in the market. We will strive to strengthen growth by increasing investments in Brand Marketing to ensure that the upcoming quarters deliver sustained, competitive, profitable, and responsible 4G growth.

6. The company believes in the highest standards of corporate behavior which are laid out through a written Code of business principles for transparency & all statutory/legal compliance by the company, its redistribution stockiest, suppliers, transporters, contractors, and other business partners with whom the company associates through its operations. The management has achieved good governance and responsible management practices which are benchmarked to the best managed global companies.

I take full responsibility of the facts, data and information which have been mentioned in the report till today and submitted with the report. I declare that as per my knowledge all the details and information of this report are true, factual, and full and we did not hide any details, notice, information which are required by the investors to take their decision.
